Mission Statement

"To inform and enlighten the community of Daniels Preserve of issues, events, situations and conditions good or bad that affects and is of interest to us all in the community"

Controlled Burn

Sometime in the coming months, Gateway residents will need to prepare themselves for the smell of smoke in the air. The State Forestry Department at the request of Gateway Services District is planning to do a controlled burn in the Daniels Preserve area north of the playground. This will control unwanted plant species. This is done by the state of Florida at no cost to Gateway residents. There will be a letter mailed out to residents by the Gateway Services District 30 days prior to the start of the burn. It is uncertain at this time how long the burn will take. The letter should provide more details.

Trash Removal Volunteer

You will recall in last month's newsletter, the call went out for a volunteer or volunteers to remove the trash that builds up at the community playground. Well, our good friend and community handyman, Tony Tiso, has answered that call. Tony has again volunteered his services free of charge to routinely inspect and remove, if needed, any accumulated trash in the cans at the playground. And remember for reliable and quality handyman services, keep Tony in mind. Pricing is very reasonable and affordable. Tony Tiso - 481-0956 or Tisostar@aol.com
